Fischer Panda Generator Registration

Please complete this form and return this to us by Fax. +49 (0)5254 9202-36, by E-Mail to jkollbach-stallard@fischerpanda.de or by post to Fischer Panda GmbH, Otto-Hahn-Str.40, D-33102 Paderborn.

If you require the fastest possible contact to us concerning your generator, we can keep you directly informed about any technical updates or important information. We can even let you know about new Fischer Panda products – especially helpful if you are planning to upgrade or expand your installation at a later time.

Note: Even if you are using the registration form - the installation protocol required before the warranty certificate can be issued still needs to be completed by the service station or dealer undertaking or accepting the installation and returned to us. This form does not replace that procedure.

Product Information

Generator Type	<input type="text"/>
